

PRESS RELEASE

**INTERMARINE (IMMSI GROUP) AWARDED THE CONTRACT TO SUPPLY
8 MULTIFUNCTIONAL FIRE-FIGHTING VESSELS**

**THE BOATS WILL BE USED FOR THE SEA RESCUE OPERATIONS OF ITALY'S
NATIONAL FIRE-FIGHTING CORPS**

Sarzana, 23 November 2023 – **Intermarine**, a company in the **Immsi listed industrial group (IMS.MI)**, has been awarded the contract put out to tender **by Italy's Interior Ministry** for the supply of **8 multifunctional fire-fighting vessels** to be used by the national fire-fighting corps for rescue operations at sea.

The Intermarine multifunctional fire-fighting vessels are highly sophisticated units equipped with latest-generation technology, guaranteeing high added value for the specific capabilities of fire-fighters working at sea. The boats will be certified by the Italian Naval Register to perform both rescue and fire-fighting operations in off-shore navigation conditions.

Intermarine specialises in the design and construction of hi-tech naval units and is one of the world's leading builders of passive defence vessels (it has designed minehunters in 9 different configurations). It constructs the longest self-righting unsinkable units ever built in Italy and some of the world's largest search and rescue vessels, as well as high-speed multifunctional patrol boats.

The parties will sign the contract in the next few days, in line with the usual administrative procedures.
